

### 4.16 Trader Bulk Cancel (Bids Only)

This function allows traders to cancel multiple bid orders and requests in all or any one of the auto matching securities. Trader can optionally specify security code, market code, and client account, ALLSTOCKS or REQ to restrict the bid orders and/or requests to be deleted. The result of the trader bulk cancellation is displayed on status window of the screen, indicating how many bid orders have been cancelled.

Completion of any Trader Bulk Cancel operation is in the background. The result of the bulk cancellation is displayed on status window, indicating how many orders were cancelled. The result of the cancellation for each order is also displayed on status window. If the Trader Bulk Cancel operation cannot be applied, the rejected result of the bulk cancellation is displayed on User messages enquiry with the rejected reason.
