

4.30 On-line Trade Journal Enabled / Disabled

This function allows traders to print all auto match, auction match, manual board lot and odd lot /special lot and semi-automatic odd lot / special lot trades alleged to them on the printer attached to their trader workstation (if it exists). No input is required. Trader presses the OLTJ key to enable/disable this function. After this function is enabled, any trade details related to the trader are printed out in the receiving sequence within 30 seconds of arrival.

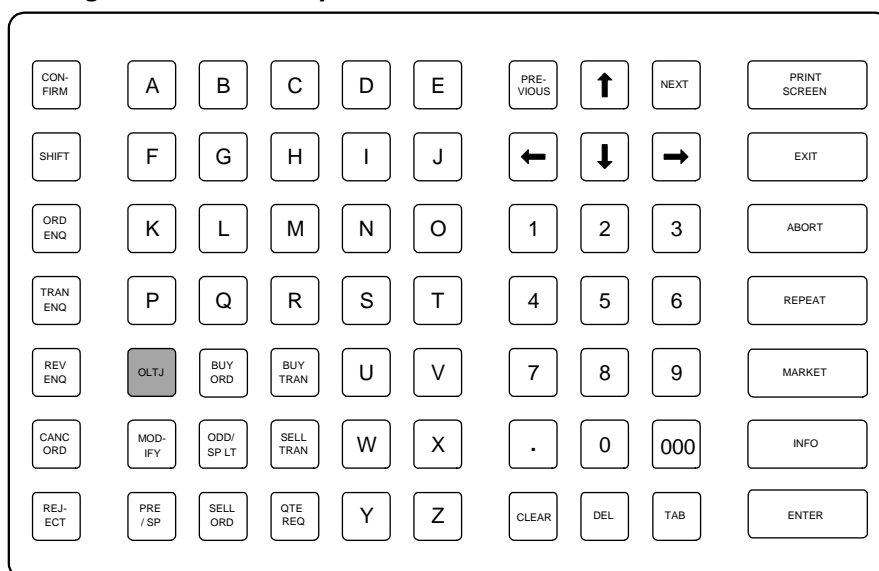

For Exchange's customized-keyboard:

Step1: Press OLTJ

For 101-keyboard:

Step1: Press ALT + F6
