

4.8 Outstanding Order Enquiry (Both Bids and Asks)

This real-time enquiry allows traders to view all their outstanding, wait and filled orders in the current trading day. The cancelled and rejected orders will be hidden in this enquiry, based on the stock code filter. Orders received by the AMS/3 Host will be displayed on the upper panel. Orders that are still in ETSS will be referred as 'Requests', can be displayed by using toggle.

The orders are sorted by time in descending order by default. Users can sort the orders by security code using a hot key. In addition, this page provides a hidden panel (at the lower part of the page) which can be toggled to display the outstanding requests (i.e. orders that remain in the system) or the orders that had been filled.
